Highlands

Independent, strong-willed and with a love of the wild: our new collection has been inspired by the Scottish Highlands and the people who live there. The harsh climate, the wide open countryside and the spirit of the seafarer all merge into the design of our new creations. They are made to last, are warm, are of the finest materials and thought-through down to the smallest detail.

The Highlands are home to archetypal patterns and the highest forms of craftsmanship. We have re-interpreted these in an innovative way and brought them into the present. Discover weightless fedoras made of high-quality fur felt or pure cashmere with extravagant tartan embroidery, strong-charactered men's hat shapes with hand-embroidered braids and feather detailing or asymmetrically cut cloches in the feminine style of the '20s. Earthy shades such as mustard and terracotta reflect the landscape while silvers and greys call majestic country seats to mind.

Regardless of whether hiking across the wild moors, breathing in the bracing sea air or out and about in the city: our hand-knitted hats are the best companion in the wind and the cold. Choose from among the sporty caps with leather peaks, playful bobble hats or caps with ear flaps in colours such as quartz, sage or raspberry.

Please note:

Any of the models from our previous collections can of course be made for you, too. We also refer you to our special selection of men's hats: www.nickimarquardt.com
