Summer Collection 2012

Dolce Far Niente

An espresso at the piazza, strolling round the harbour, sunbathing on the beach: the 2012 summer collection from Nicki Marquardt makes you long for the “good life” and is designed for the perfect summer’s day.

The best quality hand-made straw hats made from fine Milanese and Florentine straw combine the elegance of the 50s with the modern, sporty look of the present day. Plain or playfully decorated with exclusively-designed flowers made from feathers and veil, these creations are the perfect eye-catching addition to any outfit.

The feeling of the 70s and carefree holidays radiates from the soft, scrunchable hats

made from high-quality Toyo-Paper. The colourful sun visors, floppy hats and sporty trilbies provide protection, are practical and simple and give you a laid-back look.

The Parisal fascinators are captivating with their soft lines and unconventional look. The sumptuous headwear features feathers arranged to look like flowers and give you a light and breezy look. These exceptional headpieces are characterised by a careful choice of materials and unique crafted design. They are the perfect addition to your outfit for every outing and make any event feel like an exclusive one, whether it be a cocktail party, dinner party or gala.

Nicki Marquardt München

Milliner Nicki Marquardt has been designing and manufacturing headwear for women and men for over 14 years. The popular designer creates two prêt-à-porter collections each year which she presents on important accessory fairs in spring and autumn, such as the Première Classe Tuileries in Paris. Her collections are sold in selected galleries, fashion stores and concept stores in Tokyo, New York, Paris and London, to name but a few.

Nicki Marquardt's prêt-à-porter collections and haute-couture models are ideas which have taken shape, impressing with their unconventional use of form and a careful selection of materials. Signature

style as well as shapes and expressions play with classic headwear interpretations and reflect sculptural avant-garde. At her atelier in Munich, modern hats are created which adapt to the life of their respective wearer.

The artistic work of Nicki Marquardt is driven by an unrestrained exploration of forms and materials which are pushed to their limits, the use of craft skills and the balancing act between craft and art. She has received many awards, including the Bavarian "Kunstförderpreis" (Award for the Promotion of Art) in 2008.
