A hat is a statement on aesthetics and connoisseurship just as much as on a person's individual style. Nicki Marquardt hats reflect all of this. The production of our hats is very much part of our own identity as milliners – every item being hand made in our Munich studio, the result of more than 20 years of masterly craftsmanship.

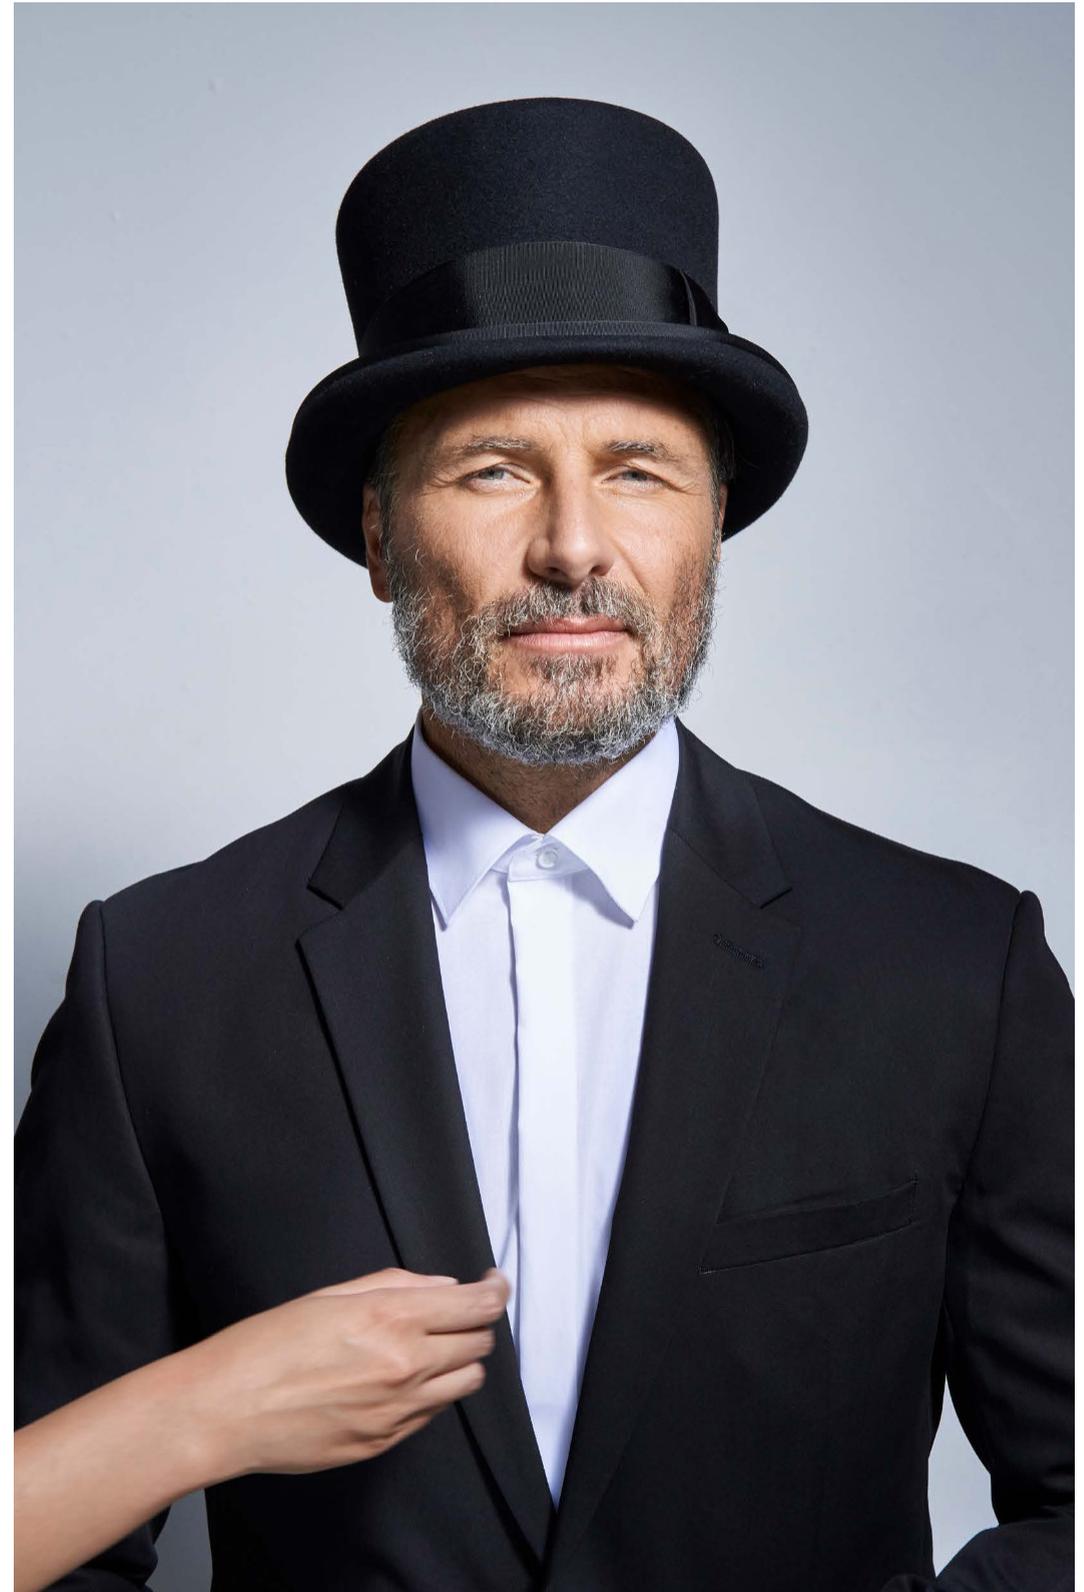

We are passionate about traditional production techniques that we continuously develop, leading to innovative crossovers with other crafts. In this way we create a quality that can be seen and felt. Classical hat shapes and avant-garde ideas ensure a perfect fit. And are always one step ahead of the times.

Our materials are also, in the true sense of the word, hand picked. We use the finest Milan straw from Italy, featherweight parabuntal, abacá from the Philippines, Japanese toyo paper, Portuguese rabbit fur felt, exquisite alpaca wool and 100% cashmere felt.

From casual hats for the summer and winter and our 'Foldables' to custom-made hats for everyday wear or special occasions: Nicki Marquardt hats stand for durability and individuality. Through the use of high-quality materials and their perfect design Nicki Marquardt hats are not short-lived fashion accessories but iconic collector's items that become even more beautiful year after year and are an essential part of their wearers' wardrobe.
